

December 14, 2006

Dear Labeling List Subscriber:

This letter is to notify you of changes made to the enclosed Labeling List product. These changes were formally announced in the 12/07/06 *Postal Bulletin*.

Specifically, *Labeling List L201 Periodicals Origin Split* has been renamed to *Labeling List L201 Periodicals Origin Split and First-Class Mail Mixed ADC/AADC*. Refer to the most current *Postal Bulletin*, edition 22195, located online at ribbs.usps.gov. The electronic version of Labeling List L201 has been separated into two files named L201a and L201b to support new labeling instructions for First-Class Mail® mixed containers.

L201a is to be used in the preparation of bundles and sacks of Periodicals mail (including News) as the previously named L201 electronic file was used.

L201b is to be used for mixed containers of First-Class Mail letters, flats, and parcels originating in the 3-digit entry ZIP Code™ in Column A.

Consult the *guide.rtf* document found on the root directory of the enclosed CD-ROM for file structures and detailed information.

We appreciate the opportunity to serve you. If you have any questions or need additional information, please contact the Labeling List staff at 800-238-3150.

Sincerely,

Janice E. Caldwell
Manager, Address Management
